

Habitats Worksheet

Directions: For each of the habitats listed, write down five examples of animals that live in that habitat.

Habitat	Animal #1	Animal #2	Animal #3	Animal #4	Animal #5
Arctic					
Desert					
Grassland					
Ocean					
Rainforest					
Wetland					

Think of the animals you listed for each habitat. Write down any adaptations that are shared among the 5 animals of each habitat. Do you think certain adaptations help animals survive in their unique habitats?

Arctic Adaptations: _____

Desert Adaptations: _____

Grassland Adaptations: _____

Ocean Adaptations: _____

Rainforest Adaptations: _____

Wetland Adaptations: _____
